

Kombucha Kombuviva Lemon

The citrus notes of lemongrass ('erva-príncipe') pair perfectly with the rich aromas of Sencha, resulting in a refreshing kombucha. The light, citrusy sparkle of Kombu Viva Lemongrass makes it a delightful choice for any occasion. Refreshing with a delicate hint of lemon; caffeine-free. Kombucha is a beverage made from fermented tea. All ingredients used are organically grown. The tea comes from the Cha Camelia plantations in Portugal—a Japanese tea production project led by Dirk Niepoort and his wife, Nina Gruntkowski.
