

Soalheiro Germinar 2020

The Loureiro grape is no stranger to Soalheiro. It has been used in Allo's blend for years. What is new is that it is now being put forward as the only grape. The grapes also do not come from the classic Lima region where most of the Loureiro can be found, but come from the Minho in the north. For Germinar grapes from a very old vineyard are used. That means that there is much more depth in it than with the average floral charm of Loureiro. Germinar, a new beginning, is an original Last bottles now at 15% discount (normal price EUR 15,97)
