

BdP 2022, Atlas Land

BdP (Branco da Praia) and Até amanhã are the first two releases from the 2022 harvest. A couple of fresh, dynamic labels from adjacent vineyards on the hills behind the coast. The first one (B d P) is zesty and high-acid, with lemonade-like characteristics, field blend of Boal Branco and Crato. As the name suggests, it's an unpretentious wine to drink cold under the sun, paired with grilled sardines or your favorite marisco
