

Nat' Cool Copo Alegre 2021

The newest member of the Drink Me family. Niepoort had been flirting with the northern Alentejo for years (accompanied Vitor Claro, among others, in starting his wine project). So it was only a matter of time until they set foot there too. So after buying their own estates in Dão and Bairrada, the Niepoorts are now also active near Portalegre, widely seen as the most interesting subregion of Alentejo and ideal for producing another smooth-drinking 'glou glou'-style red wine in the Nat' Cool series.

Producer	Niepoort
Region	Alentejo
Volume	100.0 cl.
Grape Variety	Alicante Bouschet, Aragonês, Grand Noir, Trincadeira and Cinsault
