

Até Amanhã 2022, Atlas Land

BdP (Branco da Praia) and Até amanhã are the first two releases from the 2022 harvest. A couple of fresh, dynamic labels from adjacent vineyards on the hills behind the coast. Até amanhã comes from a slightly older vineyard, it contains a very small percentage of red grapes from heirloom Castelão cuttings of ancient coastal vineyards. Ripe white fruit aromatics and balanced acidity perfectly suites warmer days and the kind of food that emerges from lush summer gardens.
