Producer	Luis Gil
Region	Lisboa
Volume	75.0 cl.
Grape Variety	Tinta Roriz
Drinking window	2024-2032
Alc.	10,5%
Vinificatie	The vineyard for Amphorassic is 48 years old and consists of a limestone soil. All grapes were harvested on Sept. 20, 2021, selected in the vineyard and transported to the winery in 12-kg boxes. At the winery they were lightly crushed and for 9 months the entire bunches were macerated in 300-liter Amphora. The juice was then pressed in a vertical press and it transferred to used barrels for clarification.
Rijping	The wine aged the entire time in terracotta amphora and then stayed briefly in wooden barrel before being bottled in 2023 using only gravity.
