

## Trudy, The True Ruby, Nat' Cool

Niepoort now also brings the 'glou glou factor' to port wine. This is as the bottle says 'True Ruby', Ruby port reduced to the essence of fruit fun and therefore drinking pleasure. As a result, like all other wines in the Nat' Cool range, this port must come in a liter bottle, because 75cl is too little. Drink this port preferably chilled like a white wine.

Producer	Niepoort
Region	Porto
